798.798	1.5MM/2.0MM DCP PLATES - 8 HOLE	1.5

Specification

- Plates are available in TT.

Indication for use

- The 1.5 mm / 2.0 mm Dynamic Compression Plates (DCP) in veterinary use are indicated for internal fixation of fractures and osteotomies in small-animal patients (small dogs, cats), particularly for long bones where a lower-profile implant is required.
