

3.5MM RECONSTRUCTION PLATES	
CAT. NO.	PRODUCTS DESCRIPTION
799.130	3.5MM RECONSTRUCTION PLATES 20H BIG

Specification

- Product is available in TT.

Indication for use

- The 3.5 mm Reconstruction Plate (20 holes, BIG) is used for internal fixation of complex fractures, particularly in areas requiring contouring such as the pelvis, mandible, or irregular bone surfaces. Its malleable design allows precise adaptation to anatomical structures, providing stable fixation for proper healing.
