

**LCP VETERINARY STRAIGHT PLATE**

CAT. NO.	PRODCUT DESCRIPTION	MAT.
799.350	LCP VETERINARY STRAIGHT PLATE 2.0/2.7MM - 4H / 5H	TT
799.355	LCP VETERINARY STRAIGHT PLATE 2.7/3.5MM - 4H / 5H	TT
799.356	LCP VETERINARY STRAIGHT PLATE 2.7/3.5MM - 4H / 6H	TT

Specification

- Plates are available in TT.

Indication for use

- It is indicated for stabilisation of long-bone fractures and osteotomies in veterinary patients by acting as a fixed-angle internal implant, using locking screws (and/or conventional screws) to provide rigid fixation, especially in cases of compromised bone quality, comminution, or small-breed animals.
