798.951R	TPLO CLOVER MINI PLATE 2.7MM 3 HOLE RIGHT	TT

Specification

- Product is available in TT.

Indication for use

- The TPLO Clover Mini Plate 2.7 mm 3-hole is indicated for stabilization of proximal tibial osteotomies performed during Tibial Plateau Levelling Osteotomy (TPLO) procedures in small to medium-breed dogs. It provides rigid fixation and anatomical contouring on the medial side of the right tibia to maintain stability and promote proper bone healing after rotation of the tibial plateau.
