

**DRILL SLEEVE**

CAT. NO.	PRODUCT DESCRIPTION	MAT.
1573.072	DRILL SLEEVE 4.5 MM X 2.7 MM FOR VETERINARY THR	SS

**Specification**

- Instruments are available in SS.

**Indication for use**

- The Drill Sleeve is used to guide the drill bit precisely while preparing holes for screw insertion in orthopaedic and veterinary procedures. It maintains correct drill trajectory, prevents slippage, and protects surrounding tissues, ensuring accurate screw placement and reducing the risk of bone or soft tissue damage.
